

April 2016

Dear Parent/Carer,

I am writing to provide you with information concerning our latest investment in your child's education.

We are fully committed to developing the highest level of innovative and inspirational Learning and Teaching possible at Brecon High School. To meet this commitment all our teaching staff reflect upon and develop their practice in the classroom as a central part of their professional role and professional development.

To facilitate this development we have purchased IRIS Connect, a package which enables teachers to video record their teaching in a structured manner and then watch and reflect upon their impact on the learning taking place in their classroom.

Recorded content of the lessons is used internally for staff development and is password protected. If you would like to find out more about IRIS Connect, their website provides an excellent overview: www.irisconnect.co.uk.

Inevitably the recordings of lessons will involve the recording of pupils in the lessons and so I am writing to let you know that your son or daughter may be involved in this exciting project. If you do not wish for your son or daughter to be included in this, then please contact the school accordingly.

If you have any further questions, please contact me and I will get back to you directly.

Thank you for your continued support.

Yours sincerely,

Mr. R. Broadbridge,
Headteacher
