

Brecon High School

Newsletter No.03 – May 2019

Welcome to our newsletter, which aims to keep you up-to-date with what is happening on our site.

What we're building

BAM commenced in March 2018 building the new state of the art campus for Brecon High School. Once complete the new facility will boast excellent teaching and learning resources and has a proposed capacity for 750 pupils, with 600 places for 11-16 year old and 150 places for post-16.

The building will achieve a Breeam Excellent rating.

Recent progress

Since starting on site we have:

1. Installed 390 concrete piles & foundations
2. Formed the access road and car park
3. Completed the building frame in steel and concrete
4. Completed the metal roof & external cladding
5. Well under way with internal walls and services (pipes and wires)
6. Progressing brickwork & stonework

What's next?

Upcoming site activities, we will:

1. Complete internal walls
2. Complete plumbing and electrical systems
3. Complete external brick and stone walls.
4. Install ceilings and floor finishes

7. Environment and community

BAM is committed to helping the environment and community.

We offered the pupils at Brecon High School a unique opportunity to get involved with the design process of their new school buildings and influence decisions taken in regard to its environmental performance and sustainability credentials. BAM Construction and our specialist design team were incredibly impressed with the students' presentation and their knowledge of sustainable building design. We'd like to think that we have played a part in inspiring the next generation of architects and building services consultants, who can help create a sustainable future for new school builds.

About BAM

BAM Construction is part of BAM Construct UK which is one of the country's largest construction services organisations with a turnover of more than £900 million. We operate throughout Wales, England and Scotland.

Our European parent company is Royal BAM Group which employs over 25,000 people worldwide and has a turnover of €7billion.

Our Welsh office is based in the centre of Cardiff and we also have a regional office in Bristol. We have recently completed schools in, Pencoed, Bridgend and Duffryn, Newport, Ysgol Bro Gwaun in Fishguard and Brynmenyn Primary School in Bridgend.

Considerate Constructors

BAM is a Partner of the Considerate Constructors Scheme and all of BAM sites register. This means we are committed to being a good neighbour and to being clean, respectful, safe, environmentally conscious, responsible and accountable. Our site is independently inspected to make sure we live up to these aims.

We try to work in a way that causes as little inconvenience as possible to our neighbours.

Please help us with safety

Construction sites can be dangerous. At BAM our top priority is the health and safety of everyone who works on our sites, the public and the local community affected by our work. If you need to contact us, please email, or call the site office but do not enter the site.

Please make any children in your care aware that our building site is not a playground and that they must not enter the site. Thank you for your co-operation
