

Brecon High School Literacy Policy

January 2020 - Revised March 2023

“Literacy is a bridge from misery to hope. It is a tool for daily life in modern society. For everyone, everywhere, literacy is, along with education in general, a basic human right.... Literacy is, finally, the road to human progress and the means through which every man, woman and child can realise his or her full potential.”

Kofi Annan

Rationale

Literacy underpins the school curriculum - we use the skills every day in order to communicate with and make sense of the world in which we live. Developing pupils' skills in language enables them to communicate effectively, expressing themselves clearly, both orally and in writing. Literacy improves pupils' potential for learning, their self-esteem, their confidence and belief in their own abilities and what they can achieve.

All teachers are teachers of Literacy, contributing to pupils' development of language skills since speaking, listening, reading and writing are integral to all lessons. There is a two-way process where literacy enhances the pupils' subject learning and the teaching of vocabulary contributes to developing language.

Aims

- To raise literacy attainment to maximise the potential of each child.
- To secure progress in Literacy for all pupils.
- To ensure that the teaching of literacy is embedded across the curriculum.

Objectives

We will:

- develop a shared understanding between all staff of the role of literacy in pupils' learning.
- involve all staff in the development and assessment of literacy in their curriculum areas.
- devise whole-school strategies and systems for literacy improvement.
- assess the literacy attainments of all pupils, effectively.
- raise pupils' expectations of achievement.
- develop pupils' confidence and self-expression so they can clarify and express their ideas and explain their thinking.
- ensure that pupils can read a variety of text types fluently, accurately and with understanding.
- provide opportunities for pupils to write coherently on a wide range of topics, using appropriate text types.

Strategies

We will:

- ensure that all staff are given practical literacy support and CPD. We will use research in cognitive science and evidence-based strategies to support reading and vocabulary development.
- develop a 'Literacy Toolkit' containing a variety of resources to support teachers and learning support staff.
- support staff in identifying opportunities within their subject areas to promote literacy development alongside the use of the BHS Literacy Skills maps which identify literacy priorities across the school year.
- use every available opportunity during the school day to develop pupils' vocabulary (tier 2 and 3 words as detailed in AoLE learning schedules). *See appendix 6 Tiered Vocabulary @BHS*
- allocate time within the school day for bespoke literacy interventions.
- ensure that all pupils experience literacy skills progression, regardless of their academic attainment.
- use baseline assessments to inform planning and monitor and track performance.
- promote good communication between all stakeholders.
- develop the library as a literacy hub to be used for Accelerated Reader, revision, literacy support, competitions, games and puzzles.
- ensure consistency by producing a literacy guide for staff and parents (*Appendix 1 and 5*)
- support pupils by producing a non-negotiables checklist to be used before pupils hand in their work.

BHS Staff Guidelines for Promoting Literacy

Oracy (Speaking and Listening)

- Lead by example, using Standard English at all times.
- Encourage the correct use of English in the classroom environment and expect full sentences in response. E.g. "I know that magnesium is more reactive than copper because....."
- Challenge students when slang or inappropriate colloquialisms are used.
- Encourage students to correct their own speech when errors are identified.
- Create opportunities for talk in a range of contexts and forms: whole class discussion, small group discussion, paired discussion, individual contribution, role play, etc.

Reading

- Provide opportunities for reading as a class, in groups and individually.
- Encourage reading aloud, if appropriate to the task.
- Encourage further reading around the subject.
- Set reading and research tasks as part of class work and/or homework focused on books/newspapers/online articles etc.
- Promote skimming (get the gist) and scanning (scan for particular information) skills in lessons.

Writing

- Model high standards of presentation.
 - All work to be presented with the date and title.
 - Discuss and model all pieces of writing – never assume that pupils will know what structure or tone to employ. Use writing frames to aid extended writing for those who need them.
- Talk - Model - Write
- Promote punctuation, spelling and grammar (Literacy Non-Negotiables) within any writing task.
 - Take every opportunity to expand tier 2 and 3 vocabulary and range of expression.
 - Be explicit about what vocabulary or key words you expect to find in any given piece of writing, *(the use of vocabulary 'starters' is particularly useful)*.
 - Insist on the use of full sentences and paragraphs within writing tasks.
 - Take opportunities for peer literacy marking, using the literacy marking key. Focus on one or two aspects per opportunity e.g. are all key words spelled correctly?

Spelling Strategies

'Shape it' - Draw the shape of the word

- Draw around the correct spelling of the word ensuring you follow the shape of the letters.

'Word Pyramid' - Build a pyramid

- Write your word out adding one letter at a time to form a pyramid.
- Make sure you use cursive (joined up) writing.

Syllabic Spelling Approach

• **What is a syllable and why we should teach children about it**

A syllable is a part of a word that contains sounds (phonemes) of a word. It usually has a vowel in it. A syllable is also called a 'beat' and a learner is often taught to identify syllables by clapping the 'beats' in words. Another way to describe a syllable is a 'mouthful' of a word.

You can often find the syllables in a word if you notice when you open and close your mouth as you pronounce the word. Touch your chin as you say the word 'elephant'. How many times did your chin drop? You probably pronounced the syllables like this: 'e-le-phant' and your chin would have dropped three times.

Here are examples of syllables within words:

'lake' – has one syllable

'pa-per' – has two syllables

'en-er-gy' – has three syllables

'cal-cu-la-tor' – has four syllables

'comm-u-ni-ca-tion' – has five syllables

'res-pon-si-bi-li-ty' – has six syllables

En/ vir/ on/ ment
Ar/ gu/ ment

The word with most syllables in English is: pneumonoultramicroscopicsilicovolcanoconiosis

Pneu-mo-no-ul-tra-mi-cro-sco-pic-si-li-co-vol-ca-no-co-ni-o-sis (19 syllables)

This is an invented word that means a lung disease caused by inhaling very fine ash and sand dust

Mnemonic Spelling Approach

Mnemonic spelling is a system such as a pattern of letters, ideas, or associations which assists in remembering something.

There are numerous examples for common errors. One way forward across your discipline is to identify a bank of spellings that are discipline specific and develop mnemonics to support the explicit teaching of these words/ spellings.

Mnemonics

- **Believe:**
I do not be**LI**Eve a **LIE**.
 - **Hear/here:**
You **HEAR** with your **EAR**.
 - **Separate:**
There is a **r**at in **separate**.
 - **Together:**
Remember how to spell "together" by noting that if you **GET HER**, you'll be "together."
 - **Business:**
There is a 'bus' in '**bus**iness.
- **Dessert:**
Dessert is a **S**ickly **S**weet.
 - **Special:**
Remember that the CIA have Spe**[cia]**l Agents to work out the tricky middle part of the word!
 - **Necessary:**
Never Eat Crisps, Eat Salad Sandwiches, And Remain Young!

Spelling Strategies - Dual Coding (See walkthrus link)

Dual coding is the idea of using different types of stimuli to help learners encode information in their brains more effectively, enabling it to be more easily retrieved later on. In the classroom, the main two types of stimuli that are used are visual and verbal.

Visual information is directly encoded into our working memory, which is the part of our short-term memory that temporarily manages and stores information, and it processes in a synchronous way. This means that we can retrieve the information regardless of the order we saw it in.

How to make it work in the classroom:

This should be a weekly practice. Help pupils to choose 3-5 commonly used words that they have misspelled. Ask pupils to choose a strategy to use in their books.

BHS - Literacy Guide for Parents

Did you know?

Parental involvement is the number one predictor of early literacy success.

NEA

The impact of reading for 20 minutes per day:

| Child A | Child B | Child C |
|--|--|--|
| 20 minutes additional reading at home everyday | 5 minutes additional reading at home per day | 1 minute additional reading at home per day |
| 60 hours per school year | 15 hours per school year | 3 hours per school year |
| 1,800,000 words per school year (one million, eight hundred thousand words) | 282,000 words per school year (two hundred and eighty two thousand words) | 8000 words per school year (eight thousand words) |
| By the end of Y6, 60 whole days' reading | By the end of Y6, 12 days' reading | By the end of Y6, 3 days' reading |
| Reading scores usually within 90% range | Reading scores usually within 50% range | Reading scores usually within 10% range |

Motivating Pupils to Read

- Encourage your child to read for at least 20 minutes per day.
- Let your child read at their own pace.
- Provide your child with books that match their reading age and interests.
- If your child is reluctant to read books, encourage them to read other reading materials such as magazines, comics or newspapers.
- If your child is finding it difficult to follow the line of text, use a ruler so that they can follow the line.
- Encourage your child to use titles and pictures to help understand the text.

- Ask your child questions based on what they have read to check whether they understand what they are reading.
- Put the subtitles on the television; your child will absorb the sight of the words and their sounds.
- Have a dictionary available for your child to use when they come across a new word.
- If your child struggles to read a word, ask them to say one syllable at a time and then put them together.
- Set a good example. It is hard to encourage your child to read if you are not reading yourself.
- Have a good range of magazines, newspapers and other reading materials around the house.
- Join a library or encourage your child to visit the school library.
- Download books onto tablets using the kindle app.

APPLE model for writing and speaking

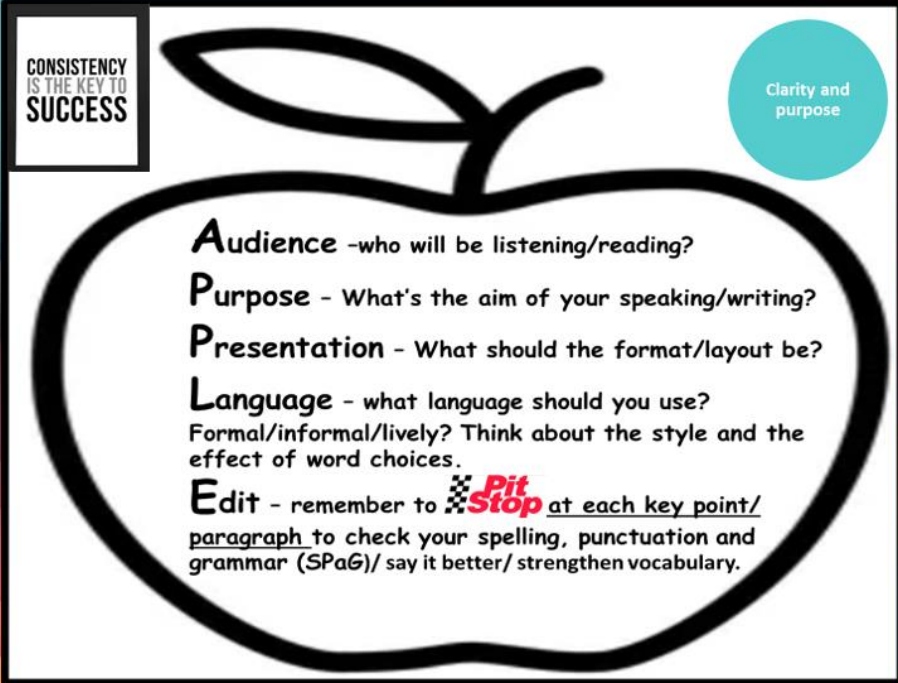

Most pupils are able to write with sufficient control and have a greater sense of audience for their writing.

Writing and Speaking for Purpose: APPLE

Speaking or Writing?
Check your **APPLE**

CONSISTENCY IS THE KEY TO SUCCESS

Clarity and purpose

Audience - who will be listening/reading?
Purpose - What's the aim of your speaking/writing?
Presentation - What should the format/layout be?
Language - what language should you use?
Formal/informal/lively? Think about the style and the effect of word choices.
Edit - remember to **Stop** at each key point/
paragraph to check your spelling, punctuation and grammar (SPaG)/ say it better/ strengthen vocabulary.
